

FAITH

Faith believes without seeing.

Acts without knowing.

Initiates our paths with confidence.

Teaches observers by example.

Honors the finished work of others.

Faith eliminates doubts.

Always strives for excellence.

Insightful in gaining understanding.

Taking on life with a hopeful outlook.

Having no room for fear.

Faith is reinforced with practice.

Accepting the need is a requirement.

It does not always come naturally.

Theological analysis repels and

Harboring anxious thoughts destroys.

Faith in God at Easter time

Acknowledges Christ's finished work on the Cross.

Incapable of saving ourselves,

Trusting becomes the needed catalyst for

Honoring God's Gift of Saving Grace to all that believe!
